

*Great Gulf Coast Arts Festival, Pensacola, FL **permission pending***

The following is what we would like to contribute and we hope that when you have compiled all submitted info, you will pass it on to us.

- We have set up clear guidelines in our application about what is accepted and this year we included in the application a notice that if we find a show participant with buy/sell items they will be banned from all future Great Gulfcoast Arts Festival shows and reported to NAIA.
- We also reserve the right to ask an artist to leave if it is discovered that he/she has buy/sell items.
- Members of the art show committee are constantly walking around and checking out the art work to make sure it is legitimate.
- We keep a list of known buy/sell artists. Our Art Show committee is with the two jurors during the jurying process. They are not allowed to speak unless they would spot an entry that they know is buy/sell. At that time, they are automatically eliminated from participating. This year, the committee plans to pre-screen the applicants before the jurying process in an effort to catch known buy/sell artists before they ever get to the jurors.
